

Environmental Policy

Baleen Filters' management and employees are committed to providing a working environment that controls any exposure to environmental issues.

We are committed to environmental management throughout our operations which cover a wide range of industry sectors.

We plan and manage our activities in a manner that minimises effects on the environment.

We are committed to:

- Consultation with our employees and contractors in seeking their input for an environmentally conscious workplace;
- Ensuring an open forum for continual improvement;
- Continuous improvement in environmental performance and the prevention of pollution;
- Compliance with all relevant legislation and regulations relating to the environment, in addition to any other relevant industry codes of practice, guidance notes and best practice guidelines;
- Minimising waste and maximise recycling in all aspects of our business;
- Empowering our employees to assist in improving our duty of care to the environment.

Yuri R. Obst BE(Chem) BSc MAICD
